WORK EXPERIENCE

October 2021 - January 2023

Software Developer - Freelance

- Fiverr
- Vancouver, British Columbia, Canada

- Built and maintained applications using HTML5, CSS and JavaScript
- Built chatbots from scratch using Python and Flask
- Used Jira, Gitlab and GitHub to maintain code and track issues
- Developed backend functionality, including RESTful API and database management.
- Built Wireframes and conducted User Experience Research
- Created high-fidelity designs and prototypes in Figma and Adobe XD

This experience leveraged my problem solving and communication skills with stakeholders. I also was able to quickly acquire new technical skills to accomplish various projects.

May 2020-January 2023

Data Analyst

- ehsAI
- Canada

- Provided QA to outputs produced by AI in English, Dutch and Portuguese
- Ran Python scripts on data files
- Assisted teams to identify patterns, structures and syntax that can be analyzed by AI
- Performed cluster testing regularly
- Advised on technicalities regarding linguistics and environment/EHS related language issues.
- Created a culture where new hires are fully supported and trained to full functionality.

Here I learned working with Natural Language Processing and using Python to manipulate data sets in tandem with Machine Learning

January 2018-August 2019

IT Technical Support

🏢 Rogers Telecommunications
📍 Canada

- Provided technical support to clients with Rogers' applications
- Trained new hires and executing projects on site including coaching and running boot camps.
- Performed QA, troubleshooting and testing

At Rogers I learned how to work in a fast-paced team, enhanced my soft skills and familiarized myself with the operations of large scale data communication companies.

October 2015-May 2016

Casting Technician (Foundry)

🏢 Spence Diamonds
📍 Canada

- Performed lost-wax casting duties for metal including silver, gold, palladium and platinum.
- Lead casting department and managed inventory.

EDUCATION

2019-2019
